MAKE YOUR BATTERY TOOL MORE VERSATILE!

9" OFFERING FOR CORDLESS TOOLS

The new battery pack line from Norton Clipper is designed to enhance the productivity of the 9" cordless portable saw. From a clean-edge, steel-cutting abrasive, to a vacuum-brazed or whisper-cutting silent core diamond blade, this new blade line takes portability up a notch. Whether cutting indoors or outside on the construction site, the Norton Clipper battery pack offers a wide range of product to cover any job.

9" OFFERING FOR
CORDLESS TOOLS

**FOR USE ON
CORDLESS
POWER
TOOLS ONLY**

DIAMOND BLADES - FOR USE ON CORDLESS POWER TOOLS ONLY

General Purpose and Masonry Building Materials

Blocks, medium-hard building bricks, paving slabs, concrete roof tiles and other medium-hard materials.

SILENCIO

Laser-welded segments for maximum attachment security in all materials. Sound-dampening sandwich core reduces sound while cutting. Premium segment for faster cutting in difficult materials.

UPC	PART #	SIZE	MAX RPM	SEGMENT HEIGHT
70184608514	SILENCIO0900	9" x .102" x 7/8"	6650	.393"

SILENCIO CLASSIC

With the same features as the original Silencio, the Silencio Classic has longerlife segments on a sound-dampened core for softer, more abrasive materials.

UPC	PART #	SIZE	MAX RPM	SEGMENT HEIGHT
70184608591	SILCLB0900	9" x .102" x 7/8"	6650	.393"

Multi-Purpose, All Materials

Concrete, reinforced concrete, granite, building materials, thin steel sections, angle iron up to 1/2" material thickness, rebar up to no. 5.

DIALAST

Vacuum brazed diamond for uni-directional cutting. Cooling holes in core for added cooling to cut harder materials. Solid core gullet design for smooth continuous cutting.

UPC	PART #	SIZE	MAX RPM	SEGMENT HEIGHT
70184608590	DIABAT0900	9" x .118" x 7/8"	6,650	.125"

ABRASIVE HIGH-SPEED CUT-OFF WHEEL – FOR USE ON CORDLESS POWER TOOLS ONLY

Steel & Stainless

General-purpose ferrous metals (steel, iron, welds), stainless steel and other high strength alloys.

CHARGER – TYPE 1/41

This Clipper Charger Type 1 abrasive cut-off wheel with 7/8" arbor completes the 9" offering for use on cordless tools in metal applications. This is a thinner abrasive wheel for less drag and power draw on cordless tools. Excellent performance-to-price ratio for lowest total cost, while the cordless abrasive blend maximizes cutting speed and tool battery life.

UPC	SIZE	APPLICATION	MAX RPM	STD PKG
70184609080	9" x .078" x 7/8"	Metal / Stainless	6,600	25
